Something went wrong Is the network connection unstable or the browser out of date? Mohit Chauhan Mohit Chauhan was tied in the title track of Mariam Khan's show Live reporting. Sources say the creators initially approached musician Pritam for it, but the composer has been busy with previous commitments. On Mother's Day last year, Mohit Chauhan belted out a song that is part of a channel campaign dedicated to mothers. The song Maa is written by Manoj Muntashir and composed by Rajeew Bhalla. Mohit says: I was taken away by melodies and lyrics: this is heart-stirring. It's an acoustic and euphonic guitar song that makes for such an exceptional occasion as Mother's Day, I feel honored to be a part of it. He adds: 'I love you Mom, please listen to this beautiful song. He is considered an outstanding singer with various hit songs in his kitty, but Mohit Chauhan says as he made it great as a musician, he wanted to be an actor. Chauhan, who sang popular figures such as Matargasthi, Tujhe Bhula Diya and Sadda Haq, says he was interested in theatre and performed full length theatrical plays after he graduated from his college. I did a lot of theatre. I finished university, was part of nsd and did full length plays on stage. In fact, at one point, I wanted to get into FTII, but there were no acting courses then. I think it only started a few years ago. So I missed an opportunity, Chauhan told PTI. The singer first came into the limelight with a Dooba Dooba song from his band Silk Route. After the band dissolved, Chauhan came up with guncha's song from the 2005 film Main, Meri Patni Aur Woh. Although he later sang for composer Ar Rahman in Rang De Basanti, it was the 2007 Pritam-composed Tum Se Hi of Jab We Met that got him mainstream success. The 49-year-old singer feels he is now at a stage where he can try different things like acting in movies and television, assuming he likes the content. If I get an offer and think that's something I can do, then I'll think about it.... I'm ready to consider all the film and TV acting offerings provided it's great. Chauhan collaborated with singer Neeti Mohan to sing the song for the new season of the TV show Yeh Hai Aashiqui. The duo recreated the title track of the show and shot the music video together. I've seen several episodes of the series once. Then Disney called me and I heard the song. I knew Neeti would sing with me and I was very excited. In addition, both singers will feature in some episodes in the series as a musical narrator. I've never been part of something like this on TV before. This was the first time I was happy. I also made a video with Neeti. We'll both be featured in some episodes, through our song. I'm excited about it. The Pee Loon hitmaker says he's also interested in releasing several singles in the future. Let's hope so, I have a few things planned. Let's see if it goes.
